

You Can Help!

Tips for organizing a drive to benefit FSA families

Build your team! Get your friends and coworkers involved.

Decide where you will collect the items;
ask for approval from the business owner or collection spot.

Select items to be collected. Check with the folks at Family Service as to what is needed at this time.

Spread the word—maybe pass out flyers or send emails to your friends.

Sort and count the items.

Arrange to deliver your donations to Family Service!

Congratulations!

*Your efforts are making a real difference
in the lives of those in your community!*
