Customers Bank Donates \$25,000 to Family Service Association of Bucks County

Doylestown, Pa. (April 20, 2016) – Customers Bank, a community-based bank with locations throughout the region, has donated \$25,000 to Family Service Association of Bucks County (Family Service), a non-profit organization that serves more than 24,000 people in need each year in Bucks County.

Family Service offers a variety of programs and services focused on increasing opportunities for adults, protecting seniors, reducing substance abuse, improving the lives of those with mental illness, preparing children and adolescents for the future, improving the quality of life for those living with HIV/AIDS and more.

“The services that Family Service provides are critical to the health and well-being of people in our community,” said Randolph Hanks, Regional Market Executive at Customers Bank. “Customers Bank is dedicated to investing in the Bucks County community and ensuring that all members of our community have access to the services they need.”

Customers Bank’s donation will support Family Service programs including the Bucks County Emergency Homeless Shelter, a temporary residence for individuals and families who have lost safe and stable housing. The 24-hour shelter serves between 70 to 75 people at any given time with on-site services such as case management, counseling, budgeting and financial planning, job search resources and health evaluations.

“Our mission is to protect, maintain, strengthen and enhance the lives of Bucks County individuals, families and children,” said Michael Mattie, President of Family Service’s Board of Directors. “Customers Bank’s support will help us expand the high-quality services and programs that the Bucks County community needs the most.”

Typically, about one-third of the shelters’ residents are children. Customers Bank’s donation to Family Service will help build a playground at the Bucks County Emergency Homeless Shelter and expand parking facilities for families and service providers.
