FOR IMMEDIATE RELEASE  
8/1/2016

## National Penn Donates \$15,000 to Family Service

National Penn, a community bank with locations throughout the region, has donated \$15,000 to Family Service Association of Bucks County, a non-profit organization that serves more than 24,000 people in need each year.

Family Service offers a variety of programs that help people gain the skills needed to reach their full potential. Services include emergency help, parent education, mental health services, job support and more.

“National Penn is firmly rooted in the communities we serve,” said Martha (Marti) Green, former Vice President of Commercial Lending. “We are committed to helping others in meaningful and impactful ways, and we are proud to join Family Service in building a stronger and more vital community by ensuring that all residents have access to the services they need.”

National Penn's donation will support Family Service programs including the Bucks County Emergency Homeless Shelter, a temporary residence for individuals and families who have lost safe and stable housing. The 24-hour shelter serves approximately 70 people at any given time with on-site services such as case management, counseling, budgeting, job search resources and health evaluations.

Typically, about one-third of the shelter's residents are children. National Penn's donation to Family Service will help build a playground at the Bucks County Emergency Homeless Shelter and expand parking facilities for families and service providers.

"Our mission is to protect, maintain, strengthen and enhance the lives of Bucks County individuals, families and children," said Michael Mattie, President of Family Service's Board of Directors. "National Penn's support will help us expand the high-quality services and programs that the Bucks County community needs the most."

Please note that as of April 1, 2016, National Penn is part of the BB&T family.
