Worth & Company Donates \$15,000 to Family Service's Center of Excellence

Pipersville, Pa. (September 26, 2017) – Worth & Company, Inc. recently donated \$15,000 to Family Service Association of Bucks County, a non-profit organization that serves more than 27,000 people in need each year in Bucks County.

Family Service offers a variety of programs and services including emergency housing, suicide prevention, parent education, recovery support, counseling, job coaching and more. The funds from M&T Bank will go directly to Family Service's Center of Excellence.

The Center of Excellence helps ensure that people with opioid-related substance use disorders stay in treatment, receive follow-up care and are supported within the community. Family Service's team consists of Care Coordinators, many of whom are Certified Recovery Specialists, and a Nurse who work with clients to get their lives back on track and achieving their goals.

Family Service provides a warm handoff from one treatment provider or level of care to another, offers medication assisted treatment when applicable, and assists clients with insurance, housing, employment and other life needs.

Without support from Worth & Company and other local businesses, Family Service would not be able to offer this vital service to the community. “Just as we, at Worth & Company, continuously adapt our vision and focus to meet the demands of the evolving mechanical industry, Family Service continuously adapts to meet the ever-changing needs of the community. We commend Family Service for taking on the opioid epidemic and helping those who need it most, and we are proud to support their Center of Excellence,” said Stephen Worth, President and CEO of Worth & Company.

Family Service’s Center of Excellence serves adults, ages 18 and older, who have an Opioid Use Disorder or are actively using opioids and who have or are eligible for Medicaid. If you or your loved one needs help, call 215.757.6916, ext. 150 to access services.
