We are a member of CONTACT USA and United Way of Bucks County. We are accredited by the Council on Accreditation for Children and Family Services, Inc. Our agency is licensed by The State of Pennsylvania to provide both outpatient mental health and drug and alcohol services. Services and employment are provided in a nondiscriminatory manner, without regard to age, race, religion, national origin, sex, limited English proficiency, disability, sexual orientation, transgender status, protected veteran status or other non-job-related factors, including those persons who are primary consumers of behavioral health services.

Mental Health & Wellness

Comprehensive Outpatient Behavioral Health Services

Stronger today. Brighter tomorrow.

Since 1953, our behavioral health program has been the core of Family Service. We offer comprehensive mental health and wellness services for children, families, adults and couples.

We approach mental health care holistically. As a result, we also provide psychiatric and nursing services, medication education, tobacco dependence services and peer support. We recognize that we are a part of your team, so we work with your support systems (i.e. family members, school counselors, physicians) to provide the best treatment for your needs.

All services are confidential.

Our Services

- Ongoing therapy, discharge planning, referrals and follow-up
- Comprehensive psychiatric evaluations and medication monitoring
- Case management
- School-based services
- Home visiting services for seniors
- Peer support groups
- Assistance with wellness and tobacco dependence

Our Staff

Services are provided by professional, licensed counselors, social workers, nurses and psychiatrists.

Supportive Case Management

Our Supportive Case Management outreach team provides people with assistance in achieving their recovery goals. As a participant in our program, we help you manage your illness(es) so you can maintain a consistent level of psychiatric stability, reduce substance abuse and achieve a higher level of functioning in your community.

School-Based Services

We have partnered with 22 schools across 7 Bucks County school districts to provide counseling and therapy to children directly in their school setting. Each school satellite site is Pennsylvania State licensed to provide outpatient services. School-based services enable our clinicians, your child's teachers and other support staff to communicate directly to effectively coordinate care, maximizing the benefits from therapy. Any child with Medical Assistance in Bucks County is eligible for this service.

Tobacco Awareness Program

Our tobacco awareness program supports you in your effort to develop a healthier lifestyle. You'll gain the skills necessary to improve your diet, reduce smoking and include exercise in your life in order to improve your physical well-being.

Services include individualized assessment, personalized counseling with a Certified Tobacco Specialist, stress management skills, support groups and much more.

Insurance & Payments

We accept most major private or commercial insurances. We are also a Medicare and Medicaid provider. If you do not have Medicare/Medicaid or insurance, you may be eligible to receive services at reduced or no cost.

Hours & Scheduling

Counseling and therapy sessions are available Monday through Friday, daytime and evenings, by appointment only.

To schedule your first appointment, please call:
